"30087 - The Deuce" Teen Variety Rollerskating Show Coming To All American Skating Center This Summer

All American Skating Center has extended a warm welcome to the Skatemasters USA National Rollerskating Association's (SMUSA) Membership Program which consists of an adult component (25 & older) a young adult component (18-24) and a youth component (17 & under). The goal of each membership component is to highlight and promote the health and wellness benefits of rollerskating while educating families on how to combat childhood obesity through rollerskating

activities. "30087 - The Deuce" Teen Variety Rollerskating Show is just one of many promotional programs designed to educate youth and their families on the benefits of staying active and healthy while celebrating their accomplishments on how they achieve their own successes. For more information on the Skatemasters Membership Programs, please visit the SMUSA website at www.skatemastersusa.net.

Our Mission

Skatemasters USA is the fastest growing quad rollerskating organization in the nation and holds skate jams and special events throughout the country to offer a forum for skaters from different cities to meet, skate, and learn new techniques from each other. The mission of the Georgia Chapter is to provide a fun, exciting, and soulful skating experience for beginning, intermediate, and advanced skaters in the surrounding Metro Atlanta areas in addition to providing support to All American Skating Center.
